Under \$6 : Brilliantly Brighter Hair Selection

I used this once and immediately ordered more. It's so easy to use in the shower and you just slap it on after your conditioner. My hair has never looked so creamy blonde (I have heavy blond highlights) with so little effort. My hair feels fantastic. So soft and shiny. I have used similar products to this and didn't get such good results so my expectations were low, but holy cow this stuff is the bomb. I never want to be without it. I couldn't stop feeling my hair after using it!!!!!! Even my husband who never notices anything complemented me on my hair after using it.
