Description

This is a beautiful decorative piece.

The black colour is stunning while the white Buddha glows beautifully when a t-light candle is burning within.

Whether Mum is looking to feel relaxed, calm or energised she may select her favourite essential oil and transform the ambience of her space.

Perfect to enhance her day while she takes some me-time - bathing, doing yoga or perhaps meditating.

Gorgeous design measuring 14cm (H) and 10cm (W). To use simply lift off the top of the Buddha's Head and add a tbsp of water along with a few drops of fragrance or essential oil into the bowl within. Light a t-light candle placed in the opening at the back. The water heats & diffuses

the fragrance around the room.
