

Autumn Candle Holder - Tartan

Just Gorgeous! Tartan is trending and we are totally here for it. Expect to pay as much as \$11 elsewhere for this versatile (2-in-1) candle holder (one only - comes empty). It beautifully holds a Tealight Candle and just as easily displays a tapered candle with style. See further details below.

Under \$3 : Autumn Candle Holder - Tartan

(Please note - comes empty - no candle included for this price)

This is a beautiful quality gift - particularly at our price - but better still if you can afford to gift/sell in lots of twos... as they make a stunning pair.

Please note also that we will dispatch in boxes of two... so the minimum purchase is 2 units...as they are factory packaged in sets of two.

You will need to securely bubble-wrap if selling/gift-giving in single units purchased at \$2.95.

If purchasing in bulk you are welcome to request a discounted price - if stock is still plentiful and you are ordering well in advance.
