Description

Lovely solid quality with eye-catching detailed diamantes on both designs in this assortment.

My favourite is the diamante encrusted Martini Glass – speckled with clear crystal sparkles that will catch every light. The design has both a quality keyring fitting and a giant parrot-style clip – so Mum can use solely as a keyring or as a bag or purse charm.

The other design is for those that love their shoes. With a diamante encrusted shoe with the added charm of a heart pendent - both speckled with pink sparkles. Again lovely quality fittings to hold Mum's keys securely on the keyring.

Comes smartly packaged on a hang-sell card, within and resealable plastic slip pack.

Backing card measures 14cm x 7cm.
