Description

Mum, Dad or the kids will be prepared for their day out or weekend away.

The No Germ Key is amazingly handy for opening doors, pressing lift buttons, operating taps and flushing toilets. You can even use it at the ATM or when entering your PIN at the supermarket checkout. Its compact size makes it easy to fit in your satchel, wallet or pocket.

Better still attach it to your keyring and have it always at the ready!

Also included in the pack is Swisscare Instant Hand Sanitiser - Moisturising with Vitamin E & Aloe 59ml and a Soft Pocket Tissue 10 Pack.

All these goodies can be popped into the posh organza bag included.
