A Practical Gift Set - That will Not Break the Budget!

This Magnetic Address Book and Bookmark Set is the solution to your budget-priced gift-giving woes.

Petite in size and price, yet big on quality, this set ticks all the boxes for a budget-friendly and well-received present.

Your little customers will love this gift option - whether it is for Mum, Dad or a seriously picky teen sibling. There is no doubt this gift ticks all the boxes for an affordable, practical and tasteful gift.

The Magnetic Address Book is similar in size to a credit card, ideal for recording information you would not want to store on your mobile phone. Also a perfect resource for storing passwords or a keep-safe backup of info in case of loss.

There is a personal details panel on the inside front cover, allowing you to record details such as Emergency Contact, Doctor, Blood Type & Allergies... if you wish.

The concertina style insert is ideal for recording addresses, notes, laptop IT codes, website access codes etc - which we all need on the move, these days - particularly ideal when travelling.

Compact in size measuring 85 x 55 x 2mm.

The individually packaged magnetic bookmark is even classier still - measuring 8cm x 2.5cm when closed and packaged beautifully on a presentation card within resealable cello wrap - measuring 1.15cm x 4.5cm.
