Description

Perfect for our Melbourne Mums that Love to SHOP!

With rich photographs and intimate interviews, Sustainable & Fashionable - Melbourne shines a light on these producers while inspiring purchasers to seek out and support ethical and creative artisans in our community.

With climate change at the forefront of our minds, most individuals/ households can make sustainable and significant changes by implementing small, often one-off, measures.

Extending this mindset to the way we purchase our fashion statements, and Sustainable & Fashionable provides the perfect guide to the best in Melbourne.
